

SAPEA Declaration of Interests

1. POLICY ON DECLARATION OF INTERESTS

1). Spanning the disciplines of engineering, humanities, medicine, natural sciences and social sciences, SAPEA brings together the outstanding knowledge and expertise of Fellows from over 100 Academies, Young Academies and Learned Societies in more than 40 countries across Europe. SAPEA is part of the European Scientific Advice Mechanism (SAM) which provides independent, interdisciplinary and evidence-based scientific advice on policy issues to the European Commission and works closely with the SAM High Level Group of Scientific Advisors.

2.) SAPEA experts come from a variety of academic and business backgrounds. The external activities they may engage in ranges from collaborations with the commercial world (e.g. through consultancy, research and development, or intellectual property licensing), to serving on government, business and community boards, or providing expert advice in the media or professional practice, outreach in schools or involvement in international projects.

3.) While these activities are considered to be in the public interest and of benefit for the home institution and the individuals concerned these activities may, on occasion, also give rise to conflicts of interest, whether potential or actual, perceived or alleged.

4.) Provisions in the Horizon 2020 standard Grant Agreement of SAPEA require the beneficiary to *“to prevent any situation where the impartial and objective implementation of the action is compromised for reasons involving economic interest, political or national affinity, family or emotional ties or any other shared interest (‘conflict of interests’). They must formally notify to the Commission without delay any situation constituting or likely to lead to a conflict of interests and immediately take all the necessary steps to rectify this situation. The Commission may verify that the measures taken are appropriate and may require additional measures to be taken by a specified deadline.”*

5.) Against that background the SAPEA Consortium opted for making possible conflicts of interest transparent using a slightly adapted standard Declaration of Interest used in other EU contexts. The SAPEA Consortium will manage possible conflicts of interest thus allowing activities to proceed as normal. By contrast, conflicts which are not managed effectively may jeopardise the Consortium’s public standing and may cause serious damage to SAPEA’s reputation and those of the individuals concerned.

6). It is therefore SAPEA’s policy to encourage and foster external activities whilst ensuring that when conflicts or perceived conflicts of interest arise they are acknowledged and disclosed, and where needed, they are managed appropriately.

2. STANDARD DECLARATION OF INTERESTS (DOI) FORM FOR MEMBERS OF SAPEA WORKING GROUPS

INTRODUCTION

The purpose of this form is to provide an overview of the interests of experts invited to participate in Working Groups convened by the Consortium of European Academies of Science in the context of

Grant Agreement Nr 737432 "Science Advice for Policy by European Academies" (SAPEA) signed on 22 November 2016, hereafter referred to as 'SAPEA Consortium' and 'SAPEA Working Groups'. The Grant Agreement is a Coordination and Support Action further to the H2020-BA-EUROPE-ENA-2016 call - Coordinating scientific advice for policy making provided by the European Networks of Academies.

The first paragraph of Article 35 "Conflict of Interests" of the aforementioned Grant Agreement states that the beneficiary *must take all measures to prevent any situation where the impartial and objective implementation of the action is compromised for reasons involving economic interest, political or national affinity, family or emotional ties or any other shared interest ('conflict of interests')*. They must formally notify to the Commission without delay any situation constituting or likely to lead to a conflict of interests and immediately take all the necessary steps to rectify this situation. The Commission may verify that the measures taken are appropriate and may require additional measures to be taken by a specified deadline.

The current document is to be considered as a measure taken by the beneficiary to identify and, if it would exist, prevent any conflict of interests.

The interests listed below by the expert who signed the document will be examined by the SAPEA Consortium in order to assess whether they would constitute a conflict of interests ('Col'). In that case appropriate measures should be taken to forestall that an interest could unduly influence the capacity of an expert to act independently and in the public interest when participating in Activities of the Working Group.

The following Declaration of Interest has been slightly adapted from the Standard Declaration of Interests (DOI) Form for Experts invited by the Commission or by the High Level Group of Scientific Advisors to participate in activities organised under the aegis of the Scientific Advice Mechanism of the European Commission (SAM).
